

The image shows a white rectangular page with a thin black border. At the top, there are two horizontal black lines. In the center, there is a large rectangular box with a black border containing the equation $E = mc^2$. Below this box, there is a single horizontal black line. At the bottom center, below the line, is the number 1. The top right corner of the page is folded over, creating a triangular shape.

$$E = mc^2$$
